

**EXHIBIT A**

CONTRACT 1-07-56-54-A

Contractor: Guaranteed Returns

**CONTRACT PRICING**

**Pricing**

Pricing shall be as specified in the Contract between the State of Minnesota, Department of Administration, Minnesota Multistate Contracting Alliance for Pharmacy and Guaranteed Returns®, executed April 14, 2004 and amendments 1, 2,3 and 4 of same contract and as augmented by contract 1-07-56-54A between the Department of General Services (DGS) and Guaranteed Returns.

**Waste disposal pricing for accounts exceeding the defined allowance**

Disposal of non-returnable pharmaceuticals is free of charge, unless the cost to do so is greater than 6.5% of the service fee, calculated by total sum of services for waste as calculated by pricing below (which is calculated as a % of the actual credits received from the manufacturer for pharmaceutical goods processing services).

“Item” is defined as an item line on the DEA 222 form or a drug as defined by the Code of Federal Regulations (CFR), Title 21, Part 1300 to end.

Corrosive or flammable materials in excess of the amount specified as “exempted” by UPS will not be processed through this contract.

<b>Description</b>	<b>Charge</b>
Waste Tracking Fee	No additional charge
Executed DEA 222 Forms	\$5.00 per form
Disposal of Scheduled CII-CV's	\$1.25 per item
Disposal of Hazardous Materials	\$6.95 per pound
Disposal of non-hazardous, non scheduled	\$0.75 per pound
UPS A.R. S. Shipping Labels	\$12.00 per label
Minimum invoicing fee	\$50.00

One minimum invoicing fee will apply to the same Return authorization Number, or to all boxes received within a two day period, whichever is the greater number of boxes.

### **Fees for Off-site Services**

Contractor's service fee shall be 6.9 percent, based on actual credits received from the manufacturer and will be deducted from the lump sum credit being issued to the MMCAP member's distributor account. If MMCAP participating member's waste disposal is less than 6.5% of the service fee as calculated above, the services listed below are included at no additional charge. If MMCAP participating member's waste disposal is greater than 6.5% of the service fee as calculated above, the services are priced as listed in "Waste disposal pricing for accounts exceeding the defined allowance". Services not listed in "Waste disposal pricing for accounts exceeding the defined allowance" will be provided at no additional charge.

### **Services Provided at No additional Charge for Waste Disposal less than 6.5% of Service Fee**

- Disposal of non-hazardous/nonscheduled items
- Disposal of hazardous waste items
- Disposal of non-creditable scheduled CII-CV products
- Waste Tracking
- Postage to the manufacturers
- Postage to the Contractor (Contractor will provide each MMCAP member with UPS prepaid shipping labels)
- Credit tracking and account reconciliation performed by the Contractor and the distributor
- Preparation of DEA forms 222 and Surrender 41 Forms
- Credit reporting for CII-CV products
- On-line account management services via the GR-XtraNet™ for account status and report generation
- Fees for distributor handling charges (except for "ReverseLink One"™ Accelerated Credit Program)
- Processing of non-creditable products
- Automatic in-dated product and recall management programs
- There will be no minimum fee

### **Fees for On-Site Services**

If requested by an MMCAP member, the Contractor will receive an additional 1.5 percent of the actual credits received from the manufacturer for performing on-site service representation support, shelf checking, packaging, and control

substance inventorying). The total fee for such onsite services shall be 6.9 percent (off-site, basic fee) plus 1.5 percent, for a total of 8.4 percent. Onsite services shall include on-site service representation support, shelf checking, packaging and control substance inventorying).

If requested by an MMCAP member, the Contractor will receive \$19.95 per hour for complete on-site inventory of all non-scheduled drugs prior to shipping to the Contractor for processing.

This ends Exhibit A.
